Under NSDD-197, Reporting Hostile Contacts and Security Awareness, all U.S. Government Executive Branch employees are required to report all contacts with individuals of any nationality, either within or outside the scope of the employee's official activities, in the following instances:

- 1) When illegal or unauthorized access is sought to classified or other sensitive information;
- 2) When the employee is concerned that he or she may be the target of an attempted exploitation by a foreign entity.

In addition, all employees must report to their Supervisors or Security Offices all contacts, written or oral, with nationals of certain foreign nations determined by each department or agency in coordination with the FBI as being of particular relevance to its security concerns.

For your information and in order to facilitate the process of coordination, the Department of Justice has designated the following entities as subject to the reporting requirements of NSDD-197 for its employees: Afghanistan, Albania, Angola, Bulgaria, Cambodia, Cuba, Czechoslovakia, Ethiopia, German Democratic Republic (East Germany), Hungary, Iran, Iraq, Laos, Libya, Nicaragua, North Korea, Outer Mongolia, Palestine Liberation Organization, People's Republic of China, Poland, Romania, South Africa, South Yemen, Syria, Taiwan, Union of Soviet Socialist Republics, Vietnam and Yugoslavia.

Finally, any facts or circumstances of a reported contact by an employee with a foreign national or organization which appears to indicate an attempt or intention to obtain unauthorized access to proprietary, sensitive or classified information, or to offer a reasonable potential for such actions, or indicates the possibility of continued professional or personal contacts, shall be reported promptly by the responsible department or agency to the FBI for employees located in the United States and to the CIA for employees located overseas.
